SUBJECT: Review of U.S. Coast Guard’s Fiscal Year 2022 Drug Control Budget Formulation Compliance Report

Attached for your information is our final report, Review of U.S. Coast Guard’s Fiscal Year 2022 Drug Control Budget Formulation Compliance Report. U.S. Coast Guard’s (USCG) management prepared the Budget Formulation Compliance Report and the related assertions to comply with the requirements of the Office of National Drug Control Policy’s Circular, National Drug Control Program Agency Compliance Reviews, dated September 9, 2021.

We contracted with the independent public accounting firm Williams, Adley & Company – DC, LLP (Williams Adley) to review USCG’s Drug Control Budget Formulation Compliance Report. Williams Adley is responsible for the attached Independent Accountant’s Report, dated January 20, 2023, and the conclusions expressed in it. Williams Adley’s report contains no recommendations.

Consistent with our responsibility under the Inspector General Act, we will provide copies of our report to congressional committees with oversight and appropriation responsibility over the Department of Homeland Security. We will post the report on our website for public dissemination.

Why We Did This Review

The Office of National Drug Control Policy (ONDCP) Circular, National Drug Control Program Agency Compliance Reviews, requires National Drug Control Program agencies to submit to the ONDCP Director by February 1 of each year a detailed accounting of all funds expended for National Drug Control Program activities during the previous fiscal year.

At least every 3 years, the Office of Inspector General is required to review the report and provide a conclusion about the reliability of each assertion made in the report.

What We Found

Based on its review, nothing came to Williams Adley’s attention that caused it to believe that USCG’s FY 2022 Budget Formulation Compliance Report and related assertions are not presented in conformity with the criteria in the ONDCP Circular. Williams Adley did not make any recommendations as a result of its review.

Independent Accountant’s Review Report

Inspector General
United States Department of Homeland Security

We have reviewed the accompanying Budget Formulation Compliance Report (BFCR) of the U.S. Department of Homeland Security’s (DHS) United States Coast Guard (USCG) for the year ended September 30, 2022. USCG management is responsible for the preparation of the BFCR in conformity with the requirements of the Office of National Drug Control Policy Circular: National Drug Control Program Agency Compliance Reviews, dated September 9, 2021 (the Circular). Our responsibility is to express a conclusion about the BFCR based on our review.

Our review was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants and generally accepted government auditing standards. Those standards require that we plan and perform the review to obtain limited assurance about whether any material modifications should be made to the BFCR or related assertions for them to be in accordance with the Circular. A review is substantially less in scope than an examination the objective of which is to obtain reasonable assurance about whether USCG’s BFCR and related assertions are in accordance with the Circular, in all material respects, in order to express an opinion. Accordingly, we do not express such an opinion. We believe that our review provides a reasonable basis for our conclusion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements related to the engagement.

Among other requirements, the Circular requires USCG to submit their summer drug budget directly to the Office of National Drug Control Policy (ONDCP) at the same time their budget requests are provided to their agency heads. Based on our review, we determined USCG did not submit its summer drug budget to ONDCP directly. Rather, USCG submitted its summer drug budget to the DHS Budget Division Formulation Team for subsequent transmission to ONDCP. Although the process utilized does not align to the Circular requirements, because USCG’s assertion is accurate, our conclusion is not modified.

Based on our review, we are not aware of any material modifications that should be made to the BFCR or related assertions for the year ended September 30, 2022, in order for them to be in conformity with the requirements set forth in the Circular.

The purpose of this report is to authenticate the BFCR as required by the Circular based on our review and is not suitable for any other purpose. This report is intended solely for the information and use of DHS Office of Inspector General, USCG, and the ONDCP, and is not intended to be, and should not be, used by anyone other than the specified parties.
