Why We Did This Audit

What We Found

KPMG LLP, under contract with the DHS Office of Inspector General, audited the Office of Health Affairs’ financial statements and internal control over financial reporting for fiscal year (FY) 2015. The resulting management letter contains one observation related to internal controls and other operational matters for management’s consideration. KPMG LLP noted that controls were not fully effective to ensure that expense transactions were recorded timely. The deficiency is not considered significant and was not required to be reported in the Independent Auditors’ Report on DHS’ FY 2015 Financial Statements and Internal Control over Financial Reporting, dated November 13, 2015, included in the DHS FY 2015 Agency Financial Report. This observation is intended to improve internal control or result in other operating efficiencies.

SUBJECT: Office of Health Affairs’ Management Letter for DHS’ FY 2015 Financial Statements Audit

Attached for your information is our final report, Office of Health Affairs’ Management Letter for DHS’ FY 2015 Financial Statements Audit. This report contains one observation related to an internal control deficiency that was not required to be reported in our Independent Auditors’ Report on DHS’ FY 2015 Financial Statements and Internal Control over Financial Reporting, dated November 13, 2015, which was included in the Department of Homeland Security’s (DHS) fiscal year (FY) 2015 Agency Financial Report. We do not require management’s response to the recommendation.

The independent public accounting firm KPMG LLP conducted the audit of Office of Health Affairs’ financial statements and is responsible for the attached management letter and the conclusions expressed in it.

Consistent with our responsibility under the Inspector General Act, we will provide copies of our report to congressional committees with oversight and appropriation responsibility over the Department of Homeland Security. We will post the report on our website for public dissemination.

Please call me with any questions, or your staff may contact Maureen Duddy, Deputy Assistant Inspector General for Audits, at (617) 565-8723.

Chief Financial Officer
U.S. Department of Homeland Security, Office of Health Affairs
Washington, DC

Ladies and Gentlemen:

In planning and performing our audit of the consolidated financial statements of the U.S. Department of Homeland Security (DHS or Department), as of and for the year ended September 30, 2015, in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Bulletin No. 15-02, Audit Requirements for Federal Financial Statements, we considered the Department’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements. In conjunction with our audit of the general purpose financial statements, we also performed an audit of internal control over financial reporting in accordance with attestation standards established by the American Institute of Certified Public Accountants.

The Office of Health Affairs (OHA) is a component of DHS. During our audit we noted certain matters involving internal control and other operational matters, related to OHA, that are presented for your consideration. These comments and recommendations, all of which have been discussed with the appropriate members of management, are intended to improve internal control or result in other operating efficiencies. These matters are summarized in the Table of Financial Management Comments. The disposition of each internal control deficiency identified during our FY 2015 audits – as either reported in our Independent Auditors’ Report, or herein as a financial management letter comment – is presented in Appendix A.

Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and on the effectiveness of internal control over financial reporting, and therefore may not bring to light all weaknesses in policies or procedures that may exist. We aim, however, to use our knowledge of OHA’s organization gained during our work to make comments and suggestions that we hope will be useful to you.

We would be pleased to discuss these comments and recommendations with you at any time.

The purpose of this letter is solely to describe comments and recommendations intended to improve internal control or result in other operating efficiencies. Accordingly, this letter is not suitable for any other purpose.

Very truly yours,

KPMG LLP

FMC 15-01 – Operating Expenses (NFR No. OHA 15-01)

Controls were not fully effective to ensure that expense transactions were recorded in the general ledger timely. Specifically, we noted one instance in which there was untimely posting of an expense in the general ledger related to an Intra-Governmental Payment and Collection (IPAC).

Recommendation:
We recommend that OHA increase coordination with the Dallas Finance Center to ensure timely submission of manual certification forms and posting of IPAC expenses.
